HANBERRY, AMOS AND BENNETT ARE HELD FOR DAMAGES

Rucker and Stephens Get Verdicts in Night Rider Cases.

Nearly All Defendants Are Dismissed.

FEDERAL COURT ADJOURNS.

Former Police Judge Charles W. Rucker, of Eddyville, Ky., was given \$10,000 damages against Dr. David A. Amos, of Cobb, Ky., and Wallie Bennett, of Lyon county, late yesterday by the jury. A. L. Mitchell, the third defendant remaining after the dismissal of about 20 others yesterday by Judge Evans, was dismissed in the verdict. Dr. Amos, who was represented by Attorney Lisenby, is ill at his home and is said to have received permanent injuries several days ago by a severe fall, in which he injured his spine. He was unable to be present. As to Bennett, who did not answer to the petition, the jury took as confessed the allegations against him. About 130 of the original defendants were dismissed from the action several months ago when settlements were made with Mr. Rucker, who is now a resident of Metropolis, Ill.

The suit of his daughter, Mrs. Laura Toomey against Dr. Amos and the same defendants named in the petition of her father, was continued until the April term of court in 1911.

The case was given to the jury at 2:30 o'clock yesterday afternoon. The jury reported at 5:10 o'clock. In the verdict the amount of damages is subject to a credit of \$3,000, fixed by the jury, as being approximately the amount received by Mr. Rucker in settlement with other defendants.

The suit of Tom Stephens against Alonzo Gray and others for alleged night rider outrages, resulted in the jury finding a verdict against only one defendant, Adolph Hanberry for \$200. Attorney Walter Krone representing the plaintiff failed to make out a case against the other nine defendants who were represented by Attorneys Miller & Miller. The defendants named in the petition and against whom \$20,000 damages were asked were: Alonzo Gray, Tom Jones, Milton Oliver, Luther Gray, Adolph Hanberry, Will Marshall, Edward Gray, Luther Gray, Bart Gray and Will Cummins.

Wallie Bennett is a nephew of Henry Bennett, of Dycusburg, who died from the effects of the night riders' treatment. Adolph Hanberry is a preacher, and is related to the postmaster at Eddyville and the judge of the Third district.

The Trial.

The trial began after the dismissal of J. S. Hodges as one of the defendants. Milton Oliver was placed on the stand but refused to testify at the court's advice for fear of incriminating himself. Attorneys Miller & Miller then asked for Attorney Krone as a witness. Mr. Krone was county attorney of Lyon county at the time of the alleged whipping administered by "night riders" to Tom

She had been visiting here a short time. She was a member of the Blooming Creek Baptist church and was a good Christian woman. She leaves four daughters: Mrs. Allison, of Woodville; Mrs. Mollie Duley, of Livingstone Point; Mrs. W. H. Lay, of Birdsville; and Mrs. Myrtle Kuhl, of Shiloh, Fla. She was a widow. The body will be shipped to Bayou tomorrow afternoon and burial will take place there Friday morning.

All Night Battle Waged Between Rural Guards and Revolutionists at Town of Correon Near Border

Unless Soldiers are Re-enforced Town is Likely to Fall—Careful Not to Injure Any Property of Americans.

El Paso, Tex., Nov. 23.—The hardest fighting yet against Diaz is reported here today by telephone from Correon, where 1,300 soldiers and rurales were engaged all night with 4,000 revolutionists. Federal troops and hundreds of towns people fled from house tops upon the rebels as they entered the town. Once the rebels and the defenders engaged in a hand to hand fight and 100 soldiers were captured before the revolutionists, withering under the rifle fire, withdrew with their dead and wounded.

The last reports today are that the battle is undecided, but rebels are reported gathering at the town by hundreds. The city may be captured unless the troops are reinforced.

Revolutionists Cautioned.

Mexicans here today were advised of a proclamation issued by Francisco I. Madero, cautioning his followers against molesting foreign interests in Mexico. He called attention to the fact that Americans own a minority interest in the National railroads of Mexico. This and the mine and smelters will be protected to avoid the establishment of a military protectorate by the United States.

Country Is Divided.

Washington, Nov. 23.—Southern Mexico has practically been cut off from the northern portion by the destruction of the railroad and telegraph lines.

This is the burden of unofficial advice received here tonight.

Senor DelBarra, the Mexican ambassador, who declared the reports of the revolution were grossly exaggerated, has had no advice tonight. The state department is likewise without information.

The recipients of unofficial information declare that Vera Cruz will be captured by the revolutionists within three days, and that the revolutionary movement is sweeping northward. A copy of the proclamation issued by General Madero was received here today. So far it has not been formally presented to the state department.

It contains an outline of the proposed new government and pledges Mexican protection to American lives and property.

Newspapers Barred.

El Paso, Nov. 23.—An order was issued by the Mexican postal officials refusing admittance to all American newspapers containing references to the Mexican revolution.

Says Movement Is Failure.

Washington, Nov. 23.—That the revolutionists of Mexico are doomed to defeat is the opinion of Henry Lane Wilson, American ambassador at the Mexican capital. Wilson has reached the conclusion, which he has transmitted to the state department, that owing to the excellent disposition of the Diaz military forces, the revolutionary movement.

W. U. DEAL.

New York, Nov. 23.—Robert C. Clowry, president of the Western Union Telegraph company, resigned that position today. He was immediately succeeded by Theo. M. Vail, president of the American Telephone and Telegraph company, which now controls the Western Union.

which appears to have been sporadic, will not succeed.

Traveler Brings News.

El Paso, Nov. 23.—A New York traveling man arrived here direct from the scenes of disorder around Torreon. He said:

"The whole country through which I passed is in arms, and in many places a state of terror prevails. I was in Monterey Sunday. The troops are in full control. Everything is quiet. At the station I saw thirty men, each carrying a rifle, get off the train. The police and rurales surrounded them, but I don't know the outcome, as the train pulled out."

"I reached Torreon Monday and found the Gomez Palacio in the hands of the revolutionists. Everything is closed at Torreon; business is at a standstill. A mining engineer and myself visited the Gomez Palacio on a tram car, and we saw dead bodies lying about the streets, and were told a battle had taken place between the revolutionists and the rurales. It was said that 200 soldiers had deserted and joined the insurgents. There was fighting around the palace for several hours and we saw some of it. The chief of police was shot dead."

"It is impossible to send a telegram, buy a paper or get anything to eat at Torreon. We heard rumors of battles at other places, especially at Parral, where it is reported that 67 persons were killed. Rumors piled up so fast it was impossible to verify anything."

Government Troops Revolt.

Galveston, Tex., Nov. 23.—Unusual vigilance is being exercised by the federal authorities in approving cargoes clearing for Mexican ports. Every case and package is being opened. A private cable from Correon says that 600 Mexican soldiers joined the revolution today and are awaiting the arrival of Madero near that town. Madero is carrying a corps of telegraphers, who by tapping government wires, follow the movements of the army.

Defeated in Chihuahua.

Laredo, Tex., Nov. 23.—Revolutionists were forced to retreat after an engagement with federal troops at Santa Isabel, Chihuahua today, according to reports received here.

It Was Not Aaron Tilley

In the report of the federal court proceedings the name of Aaron Tilley was mentioned as being charged with selling liquor without a license. This is an error in the first name, as Aaron Tilley has never been charged in the federal court with any offense.

CRIPPEN HANGED THIS MORNING ON STROKE OF NINE

Prisoner Never Flattered On His Way to Gallows—No Statement.

Spent Sleepless Night in His Cell.

HIS CONFESSION IS DENIED.

London, Nov. 23.—Dr. Crippen was hanged at 9 a. m. (4 a. m. New York time). He did not falter once in marching to the gallows. A seven foot drop broke his neck and the physicians reported instant death.

Before dying Crippen joined the Roman Catholic church and received the last rites from Father Carey.

The Pentonville jail authorities prohibited questioning the prisoner, regarding the alleged confession printed by the London Times. Solicitor Newton, Miss Leneve, the jailers and prison officials of the home office all denied that Crippen had confessed.

Crippen spent a sleepless night, arising frequently to ask the time of night. He died without knowing that his father had died in Los Angeles last Friday. Crippen refused breakfast.

The governor of the jail, the sheriff, the prison physicians, two wardens and two official reporters alone witnessed the execution. Crippen spoke no words as the noose was being adjusted. The knot was placed back of the left ear, and a black hood was drawn over his head. The governor signaled with his hand, as the prison clock boomed 9, and the trap fell.

The body will be buried in quick time, under a flagstaff in the prison yards.

PEACE HALL, GETTYSBURG.

Recommendation of Companies That Fought in Civil War.

Philadelphia, Nov. 23.—Members of the Philadelphia Brigade association, made up of companies that fought in the Civil War, recommended the erection of a great hall of peace on the battlefield of Gettysburg. In a communication forwarded today to President Taft. The memorial, which was originally suggested by John Wanamaker, is proposed to be a duplicate of that at The Hague, and the president is asked to use his influence with congress for immediate and favorable action in the matter.

BURGLARS GET PLENTY OF WEARING APPAREL

The residence of Leopold Reber, 917 Clark street, was burglarized early last night and clothing valued at \$100 was stolen. The police bloodhounds failed to pick a trail. Mr. and Mrs. Reber were absent from home from 6:30 o'clock until 8:15 o'clock, when they returned to find the front door unlocked and a side window raised. The topsy-turvy condition inside told the story. Mr. Reber's suit of clothes, valued at \$40, and the wedding suit of E. Wurtz, his son-in-law, were stolen besides a lot of bedclothes, towels and other garments. The robbery was committed between 7 and 8 o'clock and the thief entered the house by means of a skeleton key. The bloodhounds were taken to the scene about 8:30 o'clock, but no scent could be taken. There is no clew.

TURKEY MEAT OUT OF REACH OF MANY FOLKS

Many turkeys got it in the neck today, but figuratively a number of housewives were equally unfortunate when they went to market with the expectation of securing a turkey cheap. This morning the Thanksgiving day bird soared, and went beyond the reach of a great many citizens. Dressed turkeys retailed from 17 to 25 cents a pound, while the live turkeys sold from 15 cents to 18 cents a pound. Last year the dressed turkeys sold for 18 cents a pound, which was considered high, while the live turkeys sold for under 10 cents. Turkeys around Paducah this year were scarce, while the foreign markets took all the birds that could be secured, and the farmer with a flock of turkeys found little difficulty of selling them for top-notch prices. Many housekeepers purchased chickens, but the poultry brought high water prices. Dressed chickens retailed from 25 to 75 cents while undressed chickens sold from 15 to 35 cents.

American Association Buys Up Paducah Kitty League Franchise, According to Authentic Report

If Deal is Closed This City Will Have Fast Ball Team, Being "Farm" For Big League Players.

By the purchase of the local Kitty league franchise by the owner of one of the American Association clubs, Paducah will become the farm for the surplus players of the bigger clubs and the fans are assured some swift baseball next summer. The agreement for the transfer of the franchise is satisfactory to both parties, but the local directors decline to give out the name of the American Association club until the papers are signed.

The new owner will assume the indebtedness of the local club, which is only a few hundred dollars, and the Kitty league franchise will be turned over to him without charge. This step is taken by the directors to insure the fans that they will have better baseball than the local organization could afford. The men at the head of the club assumed the responsibility of the trying position simply to furnish the fans with league baseball last summer, and no attempt was made to make money.

Today Mr. W. E. Cochran, treasurer of the Kitty league, and a director of the local club, said: "I have seen all of the local directors, and the proposition for the American Association owner to have the franchise gratis with the assumption of the local debt is satisfactory. The terms of the agreement are satisfactory to him, and the deal will be made although we cannot disclose the name of the club now."

The news will be pleasant to the local fans as it will insure organized baseball next season, and also faster players. The players signed by the big league club and not quite experienced enough for fast company, will be sent to Paducah. In this way the Paducah can secure a team composed of the pick of the minor leagues. McLeansboro, which won the pennant this year, is a farm for the Evansville Central league club, and it was responsible for the swift players with the McLeansboro team.

SCHOOLMATES CARRY CASKET TO THE GRAVE

Miss Lillian Smith, of Reidland, died this morning at 5:30, and will be buried tomorrow at 2 p. m. at the Oakland cemetery, near Sharp. Eight of her school mates will be the pallbearers. They are: Fay Sullivan, Della Holmes, Della Finley, Edna Brooks, Mabel Brooks, Lillian Hart, Annie Cordor and Bedott Russell.

Miss Smith was the daughter of Mrs. Tula Smith, and she was 18 years of age. She was a member of the Reidland Methodist church, and the Rev. Wm. Harris of Oak Level will preach the funeral sermon. A quartet of young men friends will sing the music.

SANFORD HALL IS GIVEN SENTENCE

NIGHT RIDER WITNESS "TOTES PISTOL"—GUARDED BY SOLDIERS.

Sanford "Sam" Hall, the confessed night rider, who was a star witness in the night rider suits in federal court yesterday, was fined \$25 and sentenced to 10 days in jail in police court this morning on a charge of carrying concealed a deadly weapon. Judge Cross granted him an appeal. A charge of pointing and flourishing a pistol was dismissed on motion of Prosecuting Attorney Martin. Hall was arrested last Saturday upon complaint of Ferron Brothers, who charged him with raising a disturbance in their restaurant on Broadway between Second and Third streets. Hall gave his name to the police as "Sam" Hall, and was under guard by state troops Monday and Tuesday.

Fire at Palma

Palma, Ky., Nov. 23.—(Special)—The home of Mrs. A. Bryan, a widow, residing one mile east of Palma, was destroyed by fire yesterday. Nobody was at home when the fire broke out, and all the household goods were destroyed. The loss is several hundred dollars with no insurance.

PACKET LINES OF THE CUMBERLAND DIVIDE STREAM

Ryman Line Will Operate Above Nashville, Other Company Below.

The Richardson, Nashville and Electra For Latter.

ROBERT RHEA FOR UP STREAM.

A well founded rumor of wide interest affecting the control of the Cumberland river above and below Nashville has leaked out in Paducah. The rumor is to the effect that the Ryman steamboat line and the Cumberland River Packet company have divided that stream, the Ryman line to have control of the upper Cumberland and the independent company to operate below Nashville.

No details are known, but from "cook house talk" it is rumored that the Cumberland River Packet company has sold the steamer Robert Rhea to the Ryman line and has purchased from the Ryman line the two packet boats, J. B. Richardson and Electra, the latter boat which is now chartered by the Lee Line of Memphis during the low stage along the Mississippi.

Mr. George F. Phillips, local agent for the Ryman line, said today he has heard only street talk of the change and has not been advised from the headquarters at Nashville. Local rivermen say the reported change is not a surprise to them.

With the agreement the Ryman line will own the steamers Robert Rhea, Bob Dudley, Reuben Dunbar and Henry Harley and operate them above Nashville. This leaves the Cumberland River Packet company in possession of the J. B. Richardson, Electra and Nashville.

The J. B. Richardson and Bob Dudley are tied up at Paducah for the present. The Rhea, Dunbar and Harley are at Nashville on account of low water, and the Nashville is running between Louisville and Evansville.

The deal in which the boats exchanged hands, is said to have been consummated at Nashville this week at a meeting of the heads of both lines.

City Weigher Protest

Mr. J. F. Wright, city weigher, took exceptions to the statement that he is or ever was a Socialist. "That story was started by someone, who wished to injure my chances for reelection as city weigher," said Mr. Wright.

No Word From Relatives.

No word has been heard from relatives regarding the disposition of the body of Mrs. T. W. Bolin, who died at Riverside hospital Tuesday morning. Her body is at the morgue of Nahoe & Rogers, where it will be held pending information. Her husband, who is ill of pneumonia at Riverside hospital, is improving, and his recovery is expected.

ENJOIN ELEVATOR MEN ENTERING BUILDING

Suit for an injunction to prevent employees of the Otis Elevator company, of New York, from entering the new office building of the City National bank was filed in the McCracken circuit court today by the Falls City Construction company. The injunction was granted this morning, but the elevator company executed a bond of \$2,500. However, this afternoon there were negotiations underway for a settlement of the suit. The Otis Elevator company secured the contract to install three elevators in the building from the Falls City Construction company, which has the contract for the building. The construction company alleges that the elevators are not satisfactory to the owners of the building, and the suit was filed to prevent the elevator employees reaching the elevators. An attempt was made to file the suit last night at midnight, and it is said that the elevators were locked, and precautions taken that none of the employees of the elevator company could reach the lifts.

"First Citizen of Nashville" Is Honor Accorded Former Paducah Boy

Referring to a signal honor paid to a distinguished Nashville citizen who was a Paducah boy and is prominently related here, the Nashville Banner says:

"It would be hard to estimate the amount of capital represented by the guests at the banquet given to Frank Overton Watts by the board of trade at Hotel Hermitage Saturday night congratulatory on his election as head of the American Bankers' association, for there were capitalists and financiers from all over Tennessee, while several officers high in the American Bankers' association were also present and added their testimony to the worth of Mr. Watts as an official, a banker and a man. It is safe to say, however, that seldom in the history of Nashville has so much capital been gathered about a festal board in the south, and the occasion was one that will long be remem-

bered. It was pointed out by the various speakers that the office which has come to the man whom the bankers of the nation have so signally honored does not only draw attention to the man alone, but also to the city of Nashville and the south, for it is an honor which few can hope to attain. It was also shown that the elevation of Mr. Watts came as the reward of merit and his qualifications and peculiar fitness for the position were dwelt upon by several of those who responded to toasts. The toasts were spiced with anecdotes, flashes of wit and incidents in the life of the guest of honor not only as a banker, but as a boy when he used to pitch for the home team, as a golfer and automobilist, a friend and financier. At times it would have been hard to determine whether the banquet was in honor of some returning hero of the athletic fields or whether it was

a meeting of bankers assembled to pass upon certain currency reforms or establish a central bank, but through it all there crept many expressions of pleasure and appreciation of the honor that had come to a citizen of Nashville, who was referred to as the first citizen of Nashville who had ever attained national recognition as a financier. Mr. Watts in his response referred to the silver loving cup which had been sent across the continent to him by forty-five business men of Nashville on the occasion of his election as president of the American Bankers' association, the cup occupying a place in front of the toastmaster, and being a handsome testimony of the love and esteem in which he is held by the home folks and his business associates and friends. He expressed his appreciation of the presence of his co-workers and fellow officers of the American Bankers' association who had come many miles to be present at the banquet, and to the friends of his boyhood days and his associates and friends in Nashville who had publicly attested to the esteem in which he is held as a man, a banker and

an official of the greatest financial organization in the world. Mr. Watts said he felt towards them like the new convert at a revival he had once heard of. This convert got up at an experience meeting and said he would do anything the Lord asked him to so long as it was honorable."

WEDNESDAY, NOVEMBER 23.

Daily Thought.

We can hardly learn humility and tenderness enough except by suffering.—George Eliot.

New Mexico is safe and sane.

Like all great men, it seems, Diaz has his enemies.

A rain will make the farmers all the more thankful.

We are in doubt whether it is aliens or alienists Joe Wendling wants.

Some interesting persons will attend the conference of governors at Frankfort.

In these days of suffragettes and woman's rights movements it is a fine thing to witness a play like "The Spendthrift" that says something in behalf of downtrodden man.

A REVOLUTIONARY DOCTRINE.

We have been taken to task for declaring that socialism is immoral, as we understand morality; irrelevant, as we understand religion; and vicious, in that it is destructive of every principle upon which modern civilization is predicated. We know that the great majority of those, who registered at the polls as Socialists, represent only a protest; but they are in great danger from the company they keep, if they only knew it. Scratch a real, steeped in the doctrine Socialist and you will find a "philosophical anarchist", and scratch that kind of a fellow and you will find an atheist and a hater of everyone outside his "class." They will tell you that Christ himself was an "anarchist" and that, if the world followed His teachings there would be no distinction between bastard and legitimate children. They would put all employment in the hands of the state, which is reactionary, a return to the dark ages of industrial history; they would replace the home with the state, and in order to do this, they have absolutely to overturn all our modern principles and theories, build through centuries of Christian civilization and human experience.

But the Socialists will say "we don't advocate any such thing. Here are what we advocate?" And then he will enumerate the doctrines and principles of his cult. But there is a legal maxim, which runs to the effect that a man is presumed to intend every natural and logical consequence of his act and word; and when the Socialist advocates certain things, he must necessarily include everything essential to making those things effective and the natural and logical consequences flowing from them.

A Socialist cannot talk about his subject ten minutes without mentioning the capitalist class; yet, he cannot distinguish the capitalist, who has ten cents, from the capitalist, who has ten million dollars, as far as formulating any guiding principle is concerned; because capitalism is nothing but the representative of private property, no matter how much he may confuse it with unearned increment, nor how much he confuses the earned with the unearned. He cannot take away from the rich under our form of government without robbing the poor first. Remember that you little fellow with your cottage home! Before he can make a law that will apply to a rich man without applying to a poor man, he must change, not only our government but the fundamental principles upon which it is founded—equal rights to all men—equal rights to the rich as well as the poor. The Socialist cannot check the initiative of the rich and powerful, without first applying the curb to the poor and powerless.

His doctrines are doctrines of class hatred. Christianity will have no classes, and its underlying principles will not recognize any distinction in persons. Talk to a Socialist five minutes and learn from his manner, words, tone and purpose, that he is preaching a doctrine that would array one artificial class against another artificial class.

Socialism is antipodal to Christianity, and it would necessarily overthrow not only the religion, of which the home is the corner stone, but also its tenets, philosophy of life and principles, before a Socialistic state could be made effective, and then

it offers no substitute to a heart yearning for something more than bread and meat.

But such is merely an ideal state, says a "practical" Socialist, and we cannot hope to attain it. Yes, but it is not our ideal; and a political party that keeps such an ideal before it is bound to be influenced by that ideal and approximate it, if allowed time and opportunity. We want no political party in power that places the state above the home; control of individuals by the state above control of the state by consent of the individuals; that cries out against the law while planning to make the law more oppressive. Socialism is a state of society absolutely regulated by civil law, and yet, the Socialist party is recruited from the ranks of those, who are more bitter toward what laws we have.

We are thus frank, because we would have those, who vote the ticket as a protest, to inquire into the company they are keeping. Our views on Socialism are not unique. Archbishop Glennon addressed the federation of labor at St. Louis on this subject, and here are a few aphorisms we glean from his sermon:

When Christ Jesus carried His cross up to Calvary and died there for us, He created for you and me the only brotherhood ever given to men.

We do not want our homes to be absorbed by the state. We have already two such institutions—the poorhouse and the penitentiary.

The doctrine of children in common, and that abhorrent idea is the end of civilization.

Beware the philosophy created over the beer mug and wine glass. We must be sane and sober if we will be honest and just.

What's the Galley Boy Done Now?

A young man who is a leader in the gilded halls of society, where beauty reigns, where the long-tailed coat is supreme, is as powerless out in the great business world, where men grapple and go down at each other's throats, as a new-born babe and just about as helpless. He may be a roaring lion in the social world, going about seeking whom he may devour, but imagine him, if you can, just for a moment, battling with the cold selfish business interests of the country trying to make a living for himself and family. He would be nothing more than a sheep before the shearer—yea even a young lamb. Give us the young man who wants to learn business, instead of society, who had rather learn grease than Greek. PADUCAH HIGH TO MEET HOPTOWN

THANKSGIVING DAY FOOTBALL GAME HERE.

Blue and White and Orange and Black Colors Are Conspicuous.

THE OFFICIALS ARE NAMED

Blue and white were conspicuous colors today and everywhere the wearers were jubilant over the prospects of the colors triumphing over the orange and black of the Hopkinsville High school football team tomorrow afternoon at League park in the annual football game. All is in readiness for the great game, both teams are on edge, while the weather man has smiled and announced fair and cooler weather for tonight with Thursday fair.

When High school completed its last practice this afternoon the players dispersed to meet tomorrow afternoon on the gridiron at 3 o'clock to wrest the honor from Hopkinsville, and by this victory cause a tie between Madisonville, Hopkinsville and Paducah for the High school championship of western Kentucky. No team can win the honor, and the best is to prevent Paducah from descending lower in the percentage.

Scrimmage work has been a thing of the past for several days. This afternoon the players went through a snappy signal practice, but all line bucking was tabooed, as no chances were taken on the players receiving injuries. Coach Hugh B. Craig is pleased with the work of the team, which after its shifts has gained much strength, and some speedy work will be seen tomorrow. With the gridiron dry and in good condition some speedy playing should be seen and Paducah will have a better opportunity of a victory. A wet field would give the heavy players from Hopkinsville a better opportunity to carry off the honor. For the last few days House, a Carbonado, Ill., player, has assisted in whipping the men in shape.

In the back field Paducah is strong and possessed of a versatile attack. Hughes in full is a good kicker, speedy and a good line backer. Captain Ward Browning in left half is speedy and usually finds an opening somewhere. King in right half won his position in the last week by his heavy line charging, and is much better than in the line. Pitman Harth in quarter is young, but has acquired judgment in calling plays and makes good. On the wings of the line the team is in good shape. Yarbrough, Humphreys, Froy Browning and Steinhauer are good speedy ends and good tacklers. In tackles Elliott and Hey Browning have accomplished splendid work and rarely fail to make a gain when a few yards are needed. Jones and Kolb make aggressive guards although this is their first year. Joe Harth in center is the keystone to the team. His splendid passing coupled with his defensive work make him one of the best High school centers in western Kentucky.

The Hopkinsville team with a band of routers will arrive tomorrow morning at 9 o'clock. Paducah has named Brown, of Illinois, and Harbour, of Bingham, as two officials while Hopkinsville will furnish two.

Headache?—It's Your Liver

Too Many People Take Headache Powders When a Liver Tonic Is Needed.

Try Olive Tablets—The Substitute for Calomel.

Dr. Edwards' Olive Tablets are the one substitute for dangerous calomel. They do all of calomel's work without any kind of its bad after effects.

There is no necessity, when you take Olive Tablets, of following them up with nasty, sickening, griping salt or castor oil, as you should after taking calomel.

Olive Tablets do not contain calomel or any other metallic drugs; they are purely vegetable compound sugar-coated, easy to take, and never gripe or cause weakness.

Thousand of people take one every night at bedtime just to prevent disorder of the liver, constipation, bad breath, pimples, headache, etc.

The oil in Olive Tablets is a natural laxative as well as a healing, soothing and strengthening ingredient.

Dr. Edwards, calomel's old enemy, discovered the formula for Olive Tablets after seventeen years of practice among patients afflicted with liver and bowel troubles.

Try them for a week. Take one on retiring nightly.

All druggists sell Olive Tablets in neat pocket packages. 15 tablets for 10c; 45 tablets for 25c.

RED CROSS

SALES WILL BE MADE IN HUNDREDS OF TOWNS.

Kentucky Takes Great Interest in Tuberculosis Fight Now On Over the Country.

Over one hundred towns in Kentucky have already taken up the sale of the Red Cross Christmas seals.

More of them taking up the fight every day. It is aimed to place the little seal on sale in every city and town of one hundred inhabitants and over. Then thousand dollars for the prevention of tuberculosis in Kentucky this year is the slogan. Every body is helping; nobody gets any profit for selling the little seals. They are doing it to help along the good cause. The National Red Cross gets 12 1/2 per cent for furnishing the seals and the great quantities of advertising matter. The rest will be used to fight consumption in every county and village in Kentucky. Every citizen in the state will be benefited, therefore everybody should help by purchasing the pretty little seals.

Few Kentuckians know that there are 20,000 cases of consumption in our state. That consumption is infectious and is not inherited. That consumption can be cured if taken in the early stage, but not with patent medicines. That consumption can be stamped out so that it will be as little known as yellow fever or smallpox is today. That 6,541 persons died in Kentucky last year from consumption and as many will die this year and next and every other year, unless we stop it.

The money received from the Red Cross Christmas seals will make it possible for the State Association to carry out its program of lectures and health exhibits, showing the people of Kentucky how to protect themselves against tuberculosis by preventing its spread. Everybody can help by buying the Red Cross Christmas seals.

HANBERRY, AMOS AND BENNETT

(Continued from Page One.)

Stephens. It was alleged that Stephens was taken from his home by force and dragged to a well several miles away and whipped. Attorney Krone said he investigated the case in the capacity of county attorney and found at the well a lot of rocks, wire and hay. Mr. Krone refused to answer when asked if he did not with others track the men to the well. Mr. Miller said Mr. Krone was trying to avoid what he learned when county attorney.

Sanford Hall testified that Bart Hodge was captain of the lodge of "night riders." He was not on the raid that night but said Gray and Hanberry told him about it. Hall said to his best recollection he was in Paducah on the night of the whipping.

The jury in the case were: H. C. Lawrence, J. W. Morefield, J. L. Settles, J. B. Alexander, D. P. Tays, A. B. Crawford, Tom Fair, R. J. Fisher, W. S. Martin, P. P. Shemwell, G. L. Cunningham and John Lowery.

Keiner Case Dismissed.

The suit of Laura F. Keiner against ex-Chief of Police James Collins, Police Sergeant Lige Cross, and Detective Heilbrunner, of Henderson, for alleged false arrest and imprisonment, was dismissed last night without prejudice on the motion of Attorneys Oliver and S. H. Crossland, for the plaintiffs. Mrs. Keiner, or "Madame Castellano" sought to recover \$10,000 damages. The case was begun late yesterday afternoon and Judge Evans held a night session in order to finish the business. The case involved the theft of a watch from a negro named Moe at Henderson. Mrs. Keiner, who was then in Paducah, it is claimed, was arrested upon information received by Chief Collins from the Henderson authorities. She was taken to Henderson but cleared in the circuit court. Messrs. Collins and Cross were represented by Attorney R. T. Lightfoot and Detective Heilbrunner was represented by Attorney Vance, of Henderson. Judge Evans dismissed the jury, saying that no case had been made out against the defendants. Foreseeing this the attorneys for the defense dismissed without prejudice.

The "night rider" suit of G. W. Gordon against D. A. Amos et al. was continued to the April term.

Court was finally adjourned at 10 o'clock last night to meet next April. Judge Evans and his corps of officials left at 11:20 o'clock this morning for Louisville.

REVENUE RECEIPTS GROW.

Washington, Nov. 23.—The government's receipts from internal revenue touched another high mark in October and showed increases from all sources except playing cards and oleomargarine. Receipts from the new tobacco tax were more than \$1,000,000 greater than in September, and the taxes on fermented liquors increased \$500,000.

November promises to make a good showing also. The month is so far more than \$1,000,000 ahead of the same month last year and the present fiscal year to date is \$12,000,000 ahead of last year.

CITY ORDINANCE

AN ORDINANCE ASSESSING THE PROPERTY OF BOTH SIDES OF FAXON AVENUE FROM A POINT WHERE SAME INTERSECTS THIRTEENTH STREET TO A POINT WHERE SAME INTERSECTS FOURTEENTH STREET, IN THE CITY OF PADUCAH, KENTUCKY, THE SUM OF FIFTY-FIVE CENTS PER FRONT FOOT FOR THE CONSTRUCTION OF FAXON AVENUE FROM THIRTEENTH STREET TO FOURTEENTH STREET, IN THE CITY OF PADUCAH, KENTUCKY.

Be it ordained by the General Council of the City of Paducah, Kentucky:

Sec. 1. Whereas, the General Council has heretofore, on the 10th day of February, 1910, duly and regularly adopted an ordinance, entitled, "An ordinance providing for the construction of Faxon Avenue by grading and graveling from a point where same intersects Thirteenth street to a point where same intersects Fourteenth street, in the city of Paducah, Kentucky;" and,

Whereas, by the terms of said ordinance it is provided that the cost of construction of said street should be paid for wholly by the property owners abutting or fronting thereon on both sides thereof, to be apportioned to and assessed against the property and property owners abutting thereon on both sides thereof, according to the number of front feet abutting thereon, except the city of Paducah shall pay the entire cost of all intersections of streets and public alleys, if any such there be; and,

Whereas, the Board of Public Works advertised according to law for bids for the construction of the work provided for in said ordinance, to be opened on the 9th day of August, 1910, by the Board of Public Works of the city of Paducah; and,

Whereas, upon the opening of said bids by the Board of Public Works on said 9th day of August, 1910, it was ascertained that J. E. Jones of the city of Paducah, Kentucky, was the lowest and best bidder therefor; and,

Whereas, the said city of Paducah, acting by and through its board of public works did, on the 11th day of August, 1910, enter into a contract with the said J. E. Jones for the construction of said street, at the cost of fifty-five cents (55c) per linear foot on each side thereof, in accordance with said ordinance; and,

Whereas, said contract has been completed and an advertisement of the cost thereof, and the amount assessable against the said property, abutting on both sides thereof, together with the date upon which the Board of Public Works will meet and accept said work and hear complaints against the acceptance and manner of construction of said work has been made according to law; Now therefore, all of the property on both sides of Faxon avenue from a point where same intersects Thirteenth street to a point where same intersects Fourteenth street, in the city of Paducah, Kentucky, is hereby assessed the sum of fifty-five (55c) per front foot to pay for the cost of the construction of said street, made under and by virtue of said ordinance and contract.

Miss Julia Dabney in Recital.
At Signor Marescalchi's Pupils' Practice Recital, held at Steinway Hall, Chicago, Miss Julia Dabney, the daughter of Dr. and Mrs. A. S. Dabney, formerly of Paducah, made her debut. She is a pupil of Mrs. W. C. Scofield, assistant vocal teacher to Marescalchi, and her voice is considered an exceptionally fine mezzo-soprano. Signor Marescalchi heard her for the first time at the recital rehearsal and was most favorably impressed. He considers she has a future. Miss Dabney sang "Beloved It Is Morn," by Aylward. She made a splendid impression. She is exceedingly popular in Paducah and her host of friends will rejoice in all success that comes to the talented girl.

CURE OF ECZEMA AND DANDRUFF

By One Box of Cuticura Ointment and One Cake of Cuticura Soap. Head Perfectly Clear.

"I am pleased to inform you that I have been cured by Cuticura Soap and Ointment. Since I was a boy I have suffered with dandruff, not only from the itching but from its disagreeable appearance in a scaly form all over my head. I had to brush it off my clothes all day long. I used every kind of preparation supposed to cure dandruff, also soaps and shampoos, but it seemed to me that, instead of improving with these remedies, the dandruff increased, even my hair began to fall out and the result was that two months ago eczema developed on my scalp.

"I suffered so from this that as a last resource I thought I would try Cuticura Soap and Cuticura Ointment. They had the most gratifying results for I had used only one box of Cuticura Ointment and a single cake of Cuticura Soap when I was cured, the eczema and dandruff were gone and my head perfectly clear.

"I can assure you that so long as I live no other soap than Cuticura will be used by me and all those near to me. I will also add that I will always use Cuticura Ointment as a dressing for the hair. I feel that you should know of my cure and if you desire you may use this as a true testimonial which comes from a sufferer of thirty years' standing. I will be happy to tell any one of my experience in order to assist those who may be suffering from the same disease. J. Acevedo, General Commission Merchant, 55 Pearl St., New York, Apr. 21, 1910."

Cuticura Remedies afford the most economical treatment for affections of the skin and scalp. A cake of Cuticura Soap (25c) and a box of Cuticura Ointment (50c) are often sufficient. Sold throughout the world. Potter Drug & Chem. Corp., Sole Props., 135 Columbus Ave., Boston, Mass. 2c Mailed Free. 32-page book, an Authority on the Care and Treatment of the Skin, Scalp and Hair.

Teacher—Why, Jennie, what is the matter? Why is your hair cut off? Jennie—Mother's going to wear puffs!—Puck.

A Reliable Remedy FOR CATARRH

Ely's Cream Balm

AN UP-TO-DATE DRUGGIST

says it is surprising how many old-fashioned remedies are being used which goes to show that it is hard to improve some of our grandmothers' old, time-tried remedies. For instance, for keeping the hair dark, soft and glossy, nothing equaling our grandmothers' "sage tea" has ever been discovered. Although by the addition of sulphur and other ingredients, this old-fashioned brew has been made more effective as a scalp tonic and color restorer. Nowadays when our hair comes out or gets faded or gray, instead of going to the garden or garret for herbs and making the "tea" ourselves, we simply go to the nearest drug store and ask for a bottle of Wyeth's Sulfur and Sulphur. This preparation is sold by all leading druggists for 50 cents and \$1 a bottle, or is sent direct by the Wyeth Chemical Company, 74 Cortlandt St., New York City, upon receipt of order.

For sale and recommended by W. J. Gilbert.

Big G

The remedy for Catarrh, Colds, Hay Fever and inflammation, irritations or ulcerations of all mucous membranes, nasal or urinary organs.

Sold by Druggists or in plain wrapper, express prepaid, on receipt of \$1, or three bottles, \$2.75. Booklet on request.

A Story of True Love.

With the marriage of Miss Mary Davis to William Lester Hicks in Cairo Sunday there is a little story of true love that almost resulted in a blighted romance. About a year ago the little bride was engaged to Hicks, who is a fireman on the Illinois Central railroad. All arrangements for the marriage had been planned, including the parental consent. The bride was then a clerk in a jewelry store, and one day an old sweetheart, Sam Winston, also an Illinois Central fireman, stopped in the store to have his watch repaired. The embers of love were fanned into a flame, and as a result Miss Davis forsook Hicks, and eloped to Fulton that night and married Winston. However, their married life proved unhappy, and recently a divorce was granted. All the while the love of Hicks had not grown cold, and he courted Miss Davis again. As a result the couple quietly went to Cairo Sunday, and the romance was completed.

TWO LOCKS

ARE DEDICATED IN CUMBERLAND RIVER.

Six and Seven Near Carthage Are Celebrated By the Association.

Carthage, Tenn., Nov. 23.—Headed by Mayor J. N. CATARRH DOCTOR.

Cures Catarrh, Acute or Chronic, or Money Back.

Would you pay one dollar to rid yourself of disgusting catarrh? Then go to Gilbert's drug store today and ask him for a Hyomei ointment and you will not only engage, but you will own outright, a little catarrh doctor that has cured more cases of catarrh than all the catarrh specialists on earth.

In the \$1.00 box which contains the Hyomei ointment, you will find a little hard rubber vest pocket inhaler.

Into this inhaler you pour a few drops of Hyomei. Then all you have to do is breathe through the little inhaler, either through the nose or mouth, according to where the catarrh is located.

When you breathe the HYOMEI you breathe a powerful yet soothing, antiseptic air, which as it passes over the inflamed and germ ridden membrane penetrates every fold and crevice, and destroys germs completely.

Stomach dosing never cured catarrh, sprays and douches always fail; and why? Because they don't get where the germs are, and as catarrh, HYOMEI is guaranteed by Gilbert's drug store and by druggists everywhere to cure catarrh, coughs, colds, croup and sore throat.

had come to Carthage to participate in the exercises.

In the completion of these locks and dams a continuous river canalization of 165 miles is given to the Cumberland, while slack water navigation for 115 miles above Nashville is possible. The government started work on these locks in 1897, No. 6 being seventeen miles below No. 7, which is eight miles below Carthage, and here the dedication exercises were held. From Carthage the trip to the scene of the exercises was made on the little steamer Ed Myer, which was furnished through the kindness of Mr. W. E. Myer, a public-spirited and substantial citizen of Carthage. At the riverside just before boarding the boat a splendid luncheon was served by the ladies of Carthage and greatly enjoyed by the visitors, and brief exercises were held at the court house just prior to the boat trip, and the Cumberland River Improvement association continued its session after boarding the boat, President John J. Conroy, of Clarksville, presiding.

LIFE TERM

HOMER BRIDGES' SENTENCE AT MURRAY.

Slayer of Ernest Lowery, at Hazel, Is Found Guilty of Murder.

Life imprisonment is the punishment meted out to Homer Bridges, colored, charged with the murder of Ernest Lowery, a young white farmer, killed last Christmas. Bridges was kept in the Paducah jail since the murder, but was tried at Murray where feeling has subsided. Bridges is considered fortunate to escape with his life, as only haste on the part of the officers prevented him from being lynched at the time of the murder.

Former Paducahan Popular Honoree.

One of the most pleasing and prominent events of the past week was the reception given by Mrs. R. W. Covington on Wednesday afternoon at her handsome country home near the city, for Mrs. Spencer Berryman, of Clarksville, and Miss Elizabeth Woods, who has lately returned from a trip abroad. This is one of the most hospitable homes in the south, and the gatherings are always among the most prominent events of the season. About one hundred and fifty ladies were invited on Wednesday last to spend a social hour.—Bowling Green Messenger.

FUSIONS DEMAND FROM REGULARS

CERTAIN THINGS FOR SAKE OF HARMONY.

What They Will Agree to Is Stipulated in Written Statement.

VOLUNTEER STATE POLITICS

Nashville, Tenn., Nov. 23.—Through a publication in the Tennesseean, a fusion organ, it has become known that the independent Democrats have made overtures toward the regulars with a view of making peace. They were made in black and white, it is said, and the instrument is very voluminous. Regulars claim that it is an offer to seal out, a proposition which would make the state legislature a staple article of commerce for political bosses in the disposition of state officers.

For several days, it is stated, the document has been in the hands of political bosses. It was made by Luke Lea, T. R. Preston and A. M. Shook, to Nat Baxter, Jr., Maj. W. O. Verrees and J. C. Bradford, and asks for practically all the high offices and the United States senatorship.

Independents through the proposition demand the senatorship, the reelection of Frank Dibreil as comptroller, and the election of E. W. Thomas as chief clerk of the senate.

Another clause of the proposition suggests that those portions of the temperance laws generally objected to may be referred back to the people.

In order that their action not be considered a complete throw-down to allied republicans, they demand that the eleventh congressman, should the census for the state add another, he made a republican.

Following is the price fusionists propose the regular democrats to pay for peace:

United States Senator—Any man to be named by fusionists.
State Treasurer—Reag Folk.
Comptroller—Frank Dibreil.
Speaker of the House—Any man named by the fusionists.
Future Party Control—One-half of the state democratic committee.
National Committeeman—That the committee decide contest in favor

Danger From Rats

No One Can Afford to Allow These Pests to Live.

A single rat will sometimes do more than ten dollars damage in your home or store in a night. And the rat is ever single, but raises large families to destroy property and endanger health.

At the first sign of rats, drive them out of the house to die, with Stearns' Electric Rat and Roach Paste. Guaranteed to absolutely exterminate them or your money back. Also sure death to cockroaches and other vermin.

Stearns' Electric Paste is sold by druggists or sent express prepaid on receipt of price. 2 oz. box 25c, 16 oz. box \$1.00.

Stearns' Electric Paste Co., Chicago, Ill.

of R. E. L. Mountcastle.
Election. Laws—No particular change save to extend over entire state.

State Debt—To be refunded by a commission that the fusionists name.

Local Laws—Local delegations to have absolute control save as to election and liquor.

Appointments—To abolish no office now existing which is filled by the governor.

The proposition is being regarded as one of the most audacious by regular Democrats ever suggested.

IN HEN HOUSE

JIM HALE, COLORED, IS TREED AT LAST.

Held at Bay Until Patrolman Arrived to Arrest Him.

Treed in a hen house, Jim Hale, colored, a habitual offender in the eyes of the law, was arrested yesterday afternoon by Patrolman C. D. Gilliam after a lengthy chase. Hale has enjoyed only a few days freedom, and yesterday afternoon got into a difficulty with an unknown man on Huntington row, which resulted in Hale heaving a brick. Patrolman Gilliam learned of the trouble and he gave chase, while he was assisted by a score of boys armed with sticks and rocks.

Patrolman Gilliam gave out of wind but his younger rivals after a half mile run, chased Hale into a hen house on Kentucky avenue near the city limits. When Patrolman Gilliam reached the house he found that the boys had surrounded it while Hale was panting inside. The boys were holding bricks and one youngster held an axe, and dared Hale to escape.

When Patrolman snapped the nippers on Hale and led him out the prisoner sighed and said: "Mistah Gilliam, I sho his de unluckiest poor niggah dat evah lived."

River Ripples.

The river here has remained practically stationary for two weeks. There was no change this morning, the gauge showing 2.6 feet.

Loaded to her guards the J. T. Reeder returned from Calro at 4 o'clock this morning with 1,500 sacks of corn from Turner's landing for Mallory & Mitchell, this city. The corn was unloaded at the N. C. & St. L. wharves at the foot of Norton street.

There was no Calro packet today, the Reeder having tied up until after Thanksgiving. She will probably make a trip to the Cumberland river Friday.

The gasoline boat Alvino left today for Ft. Henry, Tenn., with a good trip.

The City of Birmingham leaves this evening for the Tennessee river. At the wharves the Clyde, which returned from Joppa yesterday, is receiving freight. She will leave this evening about 6 o'clock for Waterloo, Ala.

The Kentucky should come out of the Tennessee river from Riverton, Ala., tomorrow night or Friday morning, making a return trip Saturday evening.

The Ohio arrived from Golconda

on time this morning and left at 2 p. m. for a return trip.

Arriving from Evansville at 3 o'clock yesterday afternoon the John L. Lowry remained over until 11 o'clock last night to clean boilers. She will return Friday night or Saturday.

The George Cowling made her two regular trips between Paducah and Metropolis today on time.

The ferryboat Robertson enjoyed a big business today between Paducah and the Illinois landings.

Fewer yachts, houseboats and other pleasure craft have gone down the river this fall than formerly. The low stage of water in the upper river is said to be responsible for limited numbers of this class of boats on the river.

The Mississippi river commission is preparing to build an elegant steel hull side-wheel steamer in which to

make its inspection trips down the river. Bids have been received on the boat from the builders as follows: The Charles Ward Engineering company, Charleston, W. Va., \$99,500; E. J. Howard, Jeffersonville, Ind., \$105,265, and James Rees & Sons, Pittsburgh, Pa., \$114,000. The time required for building such a steamer is about a year.

PREVENT BANK MEETING.

Walsh Institute Cannot Compromise With C. K. G. Billings.

Chicago, Nov. 23.—Deputy sheriffs, armed with the injunction issued yesterday, prevented the meeting of stockholders of the defunct Chicago National Bank today. The injunction was secured by stockholders who feared that C. K. G. Billings' offer to settle a \$3,000,000 suit

him for \$150,000 would be accepted. It is said to be the purpose of the protesting stockholders to prosecute the suit for \$3,000,000 against Mr. Billings on the ground that in failing to perform his duties as a director of the bank he became liable to that extent for the losses incurred when the John R. Walsh properties, incurred when the John R. Walsh properties, including the bank, failed.

To Shippers.

On account of legal holiday no freight will be received or delivered by these companies on Thursday, November 24th.
